**CAREFREE CUISINE**

Spa Mex is a marriage of healthful spa cuisine and the great flavors of Mexican cuisine.

Spa-Mex uses fresh chilies, onions, peppers, tomatoes and herbs from Mexico and restricts the fats, carbs, sugars and salt that weigh down the ethnic dishes we love.

We use butter lettuce, thin sliced jicama and steamed cabbage leaves to replace tortillas and taco shells and replace the rice and beans with chargrilled vegetables and fruits.

The result is another example of the freedom and creativity that comes from Carefree Cuisine.
